

BowArk

Lanfine Wind Power Project (Lanfine North and Lanfine South)

Buildable Areas Map

Date: 17 Mar 2017
Version: 5
Prepared By: WSP Canada Inc.
Author: S. Schnick

Notes and Data Sources:
Project Land provided by BowArk (updated 01 Mar 2017). Buildable Area and Project Boundary derived by WSP based on information provided by BowArk (updated 02 Mar 2017). Waterbodies provided by BowArk (updated 01 Jan 2017). Populated places, roads, Alberta Township System, and municipal boundaries from AltaLIS, licensed under the Open Government Licence – Alberta. Oil and gas facilities, wells and pipelines from IHS Energy Inc. (as of March 2016). Existing transmission lines and substations derived by WSP based on AESO AIES map provided by BowArk.

Coordinate System: NAD 1983 UTM Zone 12N

Legend

- Project Boundary (Lanfine North and Lanfine South)
- Project Land (Lanfine North and Lanfine South)
- Buildable Area (Lanfine North and Lanfine South)
- Proposed Collector Right-of-Way (Lanfine North and Lanfine South)
- Existing and Proposed ATCO Substation
- Existing Transmission Line (240 kV)
- Existing Transmission Line (138 kV)
- Major Highway
- Minor Highway
- Road
- Waterbodies
- Township Line
- Section Line
- Municipal District and County Boundary
- City, Town, Village or Settlement
- Residence

Oil and Gas Facilities
- Battery
- Plant
- Compressor/Pump Station
- Gas Gathering System
- Pipeline

Surface Wells
- Oil Well
- Gas Well
- Service
- Abandoned
- Capped
- Suspended
